# **Connecting to the madRooster.com VPN Service**

Mac OS X

## <u>Step 1</u>

Click on the network icon in the top bar near the right and click on **Open Network Preferences**.

On the Network screen, click the + at the bottom left.

#### Step 3

Next to Interface, select VPN.

Next to VPN Type, select L2TP over IPSec.

For the Service Name, enter madRooster.com VPN.

Click on Create.

#### <u>Step 4</u>

Back on the Network screen, next to Server Address, enter vpn.hosted-servers.net.

Next to **Account Name**, enter the username that has been provided to you.

Click on Authentication Settings.

Loca	tion: Automatic	0
